ACKNOWLEDGEMENTS

would like to thank the following people for their help with the format and appearance of the 1994 Lands Inventory: Debby Dils, Darlene Edge and Karen Hillstrom for their help with the design and organization; Debbie King for her help with data entry and typing; all regional personnel who let me know what their specific needs are in the use of the Lands Inventory; Bruce Rehwinkel, Steve Knapp and Doug Monger for vision input; Chris Belville and Dan Stinson for artwork and the new regional map; and especially Mr. William Gamradt for granting permission to use his "Elk Country" poster on the cover.

MONTANA FISH, WILDLIFE AND PARKS
1994 LANDS INVENTORY

INTRODUCTION

The Montana Department of Fish, Wildlife and Parks owns and manages lands valued by anglers, hunters, sightseers and other recreationists from Montana and throughout the United States.

The Department has acquired key properties to provide public access to lakes, streams, and rivers, to preserve Montana's natural resources, and to provide important wildlife habitat. Each of these properties offers numerous recreational opportunities for the public.

The Lands Inventory has been produced every two years since 1956 to furnish detailed information about all lands owned and managed by the Department. Information on more than 1800 files continues to become more accurate through an on-going project of review, update and entry into the Lands database. In addition, programs have been developed to facilitate the easy recall of data and to produce specialized reports about the Department lands.

Site information in this book is grouped by Regions 1 - 7, and Region 9. (Region 9 includes only those sites directly controlled by Headquarters.) Sites are listed alphabetically within each region. Each site listing includes a subtotal of acreages. A total of acreages and costs is included at the end of each regional listing. State-wide totals are found in the appendices.

A new file numbering system is in place. Sites will be renumbered as computerization progresses; duplicate numbers will be eliminated. Because the sites are alphabetized within each region, a site/region index is included. A list of sites in order of township, range and section is also provided. Many sites are in more than one township and range, and include more than one section; these sites will, therefore, show up in this index more than once. If you need more detailed legal descriptions, please call the data base technician in the Land Unit for help.

This land book is deemed to be accurate based on the information currently available to us. The Land Unit can't warrant for its absolute validity. Some of the figures in this book may be approximations. We have included a form on the last page with which you may submit suggested corrections or changes for the next publication. If you need more detailed information on any given site, you may request data sheets with complete information by contacting the data base technician. (See sample data sheet in appendix).

Because of the expense involved in the publication of the land book, only 50 copies will be made. If you would like to print extra copies, please send 3 high density floppy disks with your request to the Land Unit. We will copy the entire land book in Wordperfect format.

It is our hope that you will find this land book easy to read and follow. Should you have any questions, please contact the Land Unit at 444-4063.

REGIONAL SUPERVISORS

MONTANA FISH, WILDLIFE & PARKS
1994 LANDS INVENTORY

DEFINITION OF TERMS

TYPE - Site type as shown by the following abbreviations:

General & Administrative:

Regional Headquarters & Field Offices ADM
Fisheries Field Office ADM/F
Wildlife Field Office ADM/W
Parks Field Office ADM/P
Affiliated Lands/Fisheries AFL/F
Affiliated Lands/Wildlife AFL/W
Affiliated Lands/Parks AFL/P
Affiliated Lands/Administrative AFL/A
Other MISC

Fisheries Division:

Boat Camp BC
Fishing Access Area FAA
Fishing Access Site FAS
Greenway Area FGRN
Hatchery HTC
Spawn Station FSS

Wildlife Division:

Wildlife Management Area WMA
Wildlife Habitat Protection Area WHPA
Hunter Access Area HAA

Parks Division:

State Park SP
Recreation Corridor RC/***

FILE # -

Number used by the Land Unit, referring to each document within a given site. The first four numbers are assigned to the site; the number directly following the "." categorizes the agreement.

All file numbers which include:

- .1 are Fee Acquisitions
.2 are Land-in (Agreements, Easements, & Leases to the Department)
.3 are Conservation Easements
.4 are Land Use Exchanges
.5 are Sales or Disposals
.6 are Easements Granted
(a) Utilities
(b) Highway and Road Easements
(c) Other
.7 are Leases-Out
(a) Oil, Gas or Mineral
(b) Grazing
(c) Timber
(d) Crop
(e) Other
.8 are Miscellaneous Files (related correspondence, litigation, etc.)
.9 are Files which include Reservations or Reverters.

COUNTY

- The county in which the site is located. See "County Listing" for corresponding numbers.

TOWNSHIP

- The site location in a Northerly or Southerly direction from the Montana Principal Meridian.

RANGE

- The site location in an Easterly or Westerly direction from the Montana Principal Meridian.

* The presence of "RC/" preceding one of the above categories indicates a site located within the confines of a river recreation corridor, maintained or managed by the Parks Division.

MONTANA FISH, WILDLIFE & PARKS
1994 LANDS INVENTORY

DEFINITION OF TERMS, CONTINUED...

<u>WATERBODY</u>	-	A significant body of water which borders or passes through the site.	<u>ACRES SOLD</u>	-	Number of acres traded or sold.
<u>GRANTOR/GRANTEE</u>	-	The Seller/Buyer, Lessor/Lessee involved in the transaction with the Department.	<u>AMOUNT RECEIVED</u>		Amount Department received for acres sold or leased out.
<u>ACRES OWNED</u>	-	Acres owned in fee title by the Department.	<u>DATE DISPOSED</u>	-	Date Department sold the property.
<u>PURCHASE COST</u>	-	The cost to the Department for the purchase.			
<u>DATE ACQUIRED</u>	-	Date of execution of the document.			
<u>ACRES LEASED</u>	-	Number of acres leased or managed by the Department under an agreement, number of acres leased out by the Department, or number of acres encumbered under Conservation Easement.			
<u>LEASE COST</u>	-	Amount paid yearly for lease, or, in the case of single-payment easements, total cost.			
<u>LEASE DATE</u>	-	Date current renewal of lease was executed, or execution date of r/w easement or conservation easement on site.			
<u>DATE LEASE EXPIRES</u>		Lease expiration date. (YYYYMMDD)			
<u>TERM</u>	-	Number of years leased, or Perpetual.

MONTANA FISH, WILDLIFE AND PARKS
1994 LANDS INVENTORY

PAYMENTS IN LIEU OF TAXES BY
THE DEPARTMENT OF FISH, WILDLIFE AND PARKS

In accordance with state law 87-1-603 MCA, the Department of Fish, Wildlife and Parks is required to make payments to counties in lieu of taxes on all of its lands except for bird farms, hatcheries, park sites, or land in counties in which the Department owns less than 100 acres.

The Department has been required to make this payment in lieu of property taxes since 1951. Original legislation was enacted at that time, because it was felt that the lands owned by DFWP were not of benefit to the general public, but to sportsmen only. Therefore, to minimize the impact of the Department's land ownership, the DFWP was required to make a payment "in lieu of taxes".

Since 1953, this same statute has required that these payments made to counties be equal to the amount of taxes which would be charged to a private landowner. The methods used by the counties to determine the value of the property, and the tax rates and the mill levies applied, are identical to those used to assess private landowners. The money is used by the counties for schools, roads, fire protection, weed control, soil and water conservation, and special improvement districts.

For those lands supported by license dollars, these payments are made indirectly by sportsmen through the purchase of hunting and fishing licenses. Park lands are considered exempt from taxes, but must pay assessments for special improvement districts and other county services not considered taxes. Payments on park sites are currently made with coal tax dollars.

From 1951 to 1993, the Montana Fish, Wildlife and Parks has paid over three million dollars to counties. The Department currently makes payments in lieu of taxes on more than 255,000 acres of land in forty counties. In 1993, more than \$258,700.00 in payments were made to Montana counties. Payments that year ranged from \$20.00 to Mineral County, up to \$38,929.70 paid to Yellowstone County.

The following table represents payments in lieu of taxes made by the Department for the last ten years.
